## TELEPHONES

251-4 Managing Editor and Reporter	251-500
251-5 Advertising Department	251-500
JOHN HOWEY, Room 100	251-500

EDITION NOVEMBER 20, 1914.

Who is next year's council going to represent and work for? Is the ratepayers of the city or big men? **NO!**

It may be as well to admit at once that if Uncle Sam finds it necessary to wipe up the Syrian desert with the Terrible Turk, Canadians will not even try to think neutrally.

In Chicago they have taken to hanging nets to prevent people committing suicide by jumping from windows. If it seems, think my place is not better than Chicago.

The Toronto News says: "The Laurier Government would award contracts for cruisers. That is not a fair statement. Tenders for the cruisers were in the Marine Department when the Laurier Government was out of office and were thrown away by the Borden Government. This, of course, the News knows quite well. Its statement to the contrary was not made in ignorance of the truth, but in defiance of it.

A correspondent points out that the new street and house numbers are not being used in any way. That is to say, it is apparent to anyone who takes the trouble to notice. But to change the system again would take several thousand dollars, which the city does not possess. For the time we will have to make the best of the cobbled-together numeration—as do the allied nations of battlefields on the Russo-Austrian frontier. Perhaps we will get rich enough to change it after a while, as used to it.

One's heart stops still at the thought—what if this misery were to befall our own people in the dear Fatherland?" This from a German soldier's letter telling of the plight of women and children of Belgium in the hands of Germany's army of invasion. It is a soldier's policy, as well as a race's, to do unto others as we would not that they should do unto us. Germany is in a fair way to learn that fact. If she does not come to read it in the blood and tears of her women and children and the ashes of her ruined cities, it will be because the allied commanders remember and respect the rule her inhuman war-makers have forgotten or ignored.

The Journal calls "fools" those who see in the splendid achievements of the Australian navy a reason why Canada should also have a fleet in the Pacific. Applying this contentious implication, the Australians are to be having built a fleet in the New Zealanders' "fools" and the New Zealanders in the Australian's. But perhaps they are not. Perhaps they are. But that is nothing to the rebellion in South Africa. The rebellion has some prospect of turning into the sort of guerrilla warfare by which General Botha was to keep Lord Kitchener guessing.

In the event the South African rebellion will be all required to pursue the elusive rebels, and cannot undertake offensive operations against German Southwest Africa or German East Africa. Canada might help greatly by providing a contingent of mounted infantry for this work. The enemy forces in the two colonies are not large, but might be rounded up with help materially to keep alive the rebellion in the neighboring British territory.

## SUMMARIZED.

*London Observer:* Fundamentally, there is a Journal. Take off your hats, gentlemen, to the Australian navy.

## Quick Change

*Vancouver Province:* An Edmonton film advertises "Cars from tractor to truck" to the public. To tractors, to tractors.

The persistence of the British in running their ships into the teeth of the German牙 is too much. Slavery.

There are too many Slaves.

Over 100 bodies, presumably British, have been washed ashore.

Along the southern frontier nearly 200 Belgians who had been captured and converted to the Dutch army. Since the beginning of the war, the Belgians have crossed into Holland, surrendered their arms and have been sent to the detention camps.

The fact that an Australian cruiser put the Enden out of business is giving about as much distress to the opponents of a Canadian navy as it is to the enemy.

The hundred and fifty million people of Russia are on the water wagon. The neighbors had better keep sober, too, or they are liable to get run over.

President Wilson may rely upon a policy of watchful waiting if he wants to, but Villa pins his faith to the policy of forceful lightning.

Mr. Bourassa is to extend his political activities on behalf of sedition to Ottawa. That is a direct challenge to the Government to muzzle him if they dare. They ought to.

The Minister of Militia says Toronto is the only place where he has got. So but he would be well if the Minister should become sufficiently infected with the same malady to bring him to an active comprehension of the fact that the British Empire is fighting for its life and that Canada isn't.

Forty-six members of the first contingent are being sent to the winter headquarters of the militia in various kinds. It is all in thirty-two thousand who are not prepared to do their duty as soldiers and gentlemen, Canada need feel no humiliation over the matter.

The Winnipeg Telegram makes the misstatement that proprietary licensed clubs are operated in Alberta. They were not in the Manitoba—modelled by the Government—until a stand for them and the public wouldn't. They came into existence after one session of the Legislature and were out of business before the next session.

Attempts have been made in New York to assassinate County Judge Gibbs and City Marshal John Hoeffling, who were marching in honor of the fallen. But to change the system again would take several thousand dollars, which the city does not possess. For the time we will have to make the best of the cobbled-together numeration—as do the allied nations of battlefields on the Russo-Austrian frontier. Perhaps we will get rich enough to change it after a while, as used to it.

The Toronto News assures somewhat reluctantly that public that by day the Government has a resource, energy and a sound judgment in dealing with the problems which the war has "developed." To which the Ottawa Citizen (Southam Conservative) dryly remarks: "And some of our newspapers are not allowing the war to interfere with their good judgment." If this is what the Government is entitled to suspect that its "resource, energy and good judgment" are not everywhere measured by the News' standard.

The rebels in South Africa has some prospect of turning into the sort of guerrilla warfare by which General Botha was to keep Lord Kitchener guessing.

In the event the South African rebellion will be all required to pursue the elusive rebels, and cannot undertake offensive operations against German Southwest Africa or German East Africa. Canada might help greatly by providing a contingent of mounted infantry for this work.

The enemy forces in the two colonies are not large, but might be rounded up with help materially to keep alive the rebellion in the neighboring British territory.

## CURRENT COMMENT

*Canada:* A Journal. Take off your hats, gentlemen, to the Australian navy.

## The Money Talks

*Ottawa Journal:* Since the War Minister's speech, the saving banks in the capital have shown an increase of over \$2,000,000 in their deposits. That is the most significant and convincing argument.

Over 100 bodies, presumably British, have been washed ashore.

Along the southern frontier nearly 200 Belgians who had been captured and converted to the Dutch army. Since the beginning of the war, the Belgians have crossed into Holland, surrendered their arms and have been sent to the detention camps.

Over 100 bodies, presumably British, have been washed ashore.

Along the southern frontier nearly 200 Belgians who had been captured and converted to the Dutch army. Since the beginning of the war, the Belgians have crossed into Holland, surrendered their arms and have been sent to the detention camps.

## PUBLIC SCHOOL BOARD FIGURES

School assessment, 1914, \$174,391,142

School levy, 1914..... 4,238,000

Net debenture debt at Oct. 1, 1914..... \$8,722,792.84

School assessment, 1914, round figures and without debenture allowances is \$19,000, divided as follows:

Schools..... \$15,618,691.95

Debenture redemption..... \$2,729,750

Scholarships..... \$5,569,000.00

Insurance charges..... 12,500.00

Building charges..... 1,600.00

Remains, etc..... 12,099.00

Total, 1914, round figures and without debenture allowances is \$19,000, divided as follows:

Schools..... \$15,618,691.95

Debenture redemption..... \$2,729,750

Scholarships..... \$5,569,000.00

Insurance charges..... 12,500.00

Building charges..... 1,600.00

Remains, etc..... 12,099.00

The board has taken over, since its inception the following liabilities, with only minor assets if it is claimed, with the following results:

School assessment, 1914, \$174,391,142

Schools, 1914, round figures and without debenture allowances is \$19,000, divided as follows:

Schools..... \$15,618,691.95

Debenture redemption..... \$2,729,750

Scholarships..... \$5,569,000.00

Insurance charges..... 12,500.00

Building charges..... 1,600.00

## Varsity Team Ready to Meet the Calgary Tigers

Student's Expert Define News This Morning Regarding Tomorrow's Final Game For Senior Rugby Championship of Alberta—Becroft Will Play Centre Half, With Perraton Replacing Parker—Squad Has Had Daily Workouts in the Snow This Week

The question of whether there is to be a rugby game on Saturday at Edmonton is almost as perplexing as "What's the time?" It seems impossible to get a definite answer, but the prospects for the Alberta Senior team between Calgary Tigers and University of Alberta Varsity team tomorrow. At a late hour last night Uncle Tom, the Varsity coach, informed the Bulletin that nothing definite had been learned from the Tigers, and the word was out that this morning as to whether the students would be making a play tonight or not. There have been no further snow storms in Calgary this week, and the field is clear.

The Varsity squad has been taking its daily practice in the snow, and the players have had outdoor practices every day this week. While the weather has been decidedly unpleasant, the men have been in high spirits. They are in the pink for a grueling game with the Tigers tomorrow. Becroft will play the half, with Parker half-back, with Perraton replacing him. Parker at left half, James will

take Perraton's place at flying wing. Otherwise the team will be unchanged unless Annes will be necessary to fill in at fullback. It is possible to jump the game.

Mr. Bresnahan, Rev. H. P. Deacon and Percy Hardisty, who handled the first game, have indicated no change in the order of the team to be played. The Varsity squad will leave the South via the C.P.R. at 11:30 p.m.

**JIMMY ARCHER IS NOT DELIGHTED AT NEWS OF ROGER'S APPOINTMENT**

By Bulletin Leased Wire.

DETROIT, Mich.—Newsweek published today a report that Jimmy Archer, the Cub catcher, is considered to be the most valuable player in the game. He refused to discuss the rumors.

Because Bresnahan's contract, it is said, requires him to be a playing member of the team, he is not eligible for games. Archer is believed to be eager to leave.

## Get Your New Overcoat Now

This is your opportunity. Our overcoat stock is too large and we are forcing them out by a remarkable reduction in price. They are all 20th Century coats, made in expertly tailored garments that cannot be duplicated in any other store in the city.

Any man can afford a coat at these prices:

All 20.00	Costs reduced to	\$15.00
All 25.00	Costs reduced to	18.75
All 30.00	Costs reduced to	22.50
All 35.00	Costs reduced to	26.25
All 40.00	Costs reduced to	30.00
All 50.00	Costs reduced to	37.50

Come in at once and get the coat you want before it is snapped up by someone else.

### Underwear Special

An exceptionally good line of pure white wool, very light and warm, guaranteed washable and durable, we have sold for years at \$5.00. Priced for this week only, per unit at . . . . . \$3.65

## MINERALITES SWEEP BOARDS WITH ALBERTAS

Bison's Beasts Took All Three Games But Scores Were Not Starting

The second game of the Senior Hockey League season was played at the Olympic alleys last evening. Jimmy Blodin's Mineralites defeated the Alberta team, 10-2, and Critchley's Albertas, in the first game, which was being nothing to cable Lord Balfour's abode, is notable as being the first game ever played in a league game this season. The Mineralites, in their first game, were beaten on total, 218 goals to 112.

James Blodin, who in addition to being the coach of the Mineralites, is in charge of the "Blow Fund," was present to witness the game. It was suggested by his opponents that he had a histrionic in his tip, "I'm not here to see the game, I'm here to see the 'happies' to say the least. Not only was he the only one in the stands, but the only occupant of the charmed circle, which he picked in with the only 200 single game spectators, was a young encounter. Blodin had a nice 157 count, while the Mineralites had a 148 count. Critchley's 148 was high man for the Alberta team.

Society note: Mr. Conne, for the Alberta team, is the son of a prominent homesteader at Peace River, and is a graduate of the University of Alberta. He is a well-known and popular figure in the community, and is a member of the Alberta Curling Club.

The scores follow:

Albertas		Mineralites	
Knot	181	152	446
Godson	145	152	445
Horn	125	145	427
McKey	112	114	407
Critchley	174	143	382
		764	599
		731	214
Mineralites		Albertas	
Chapman	181	131	426
Godson	145	125	427
Horn	125	137	427
McKey	112	114	407
Critchley	174	143	382
		782	599
		789	235

Mineralites won three . . . . .
